

**Eastwick Lower Darby Creek Area Community Advisory Group  
Health, Safety and Communications Working Group Meeting  
@Eastwick Public Library  
Wednesday, October 18, 2017 6:30 PM**

**Attendance:** Josh Barber, Margie Cobb, Chere Driver, Dr. Marilyn Howarth, Earl Wilson, Tom McKeon, Mary Cerulli

**Marilyn [6:30 – 6:45]:** Introduced the purpose of the meeting. HSCW Group met to listen to Mary Cerulli, a research assistant for the Penn Program in Environmental Humanities to describe her Eastwick Oral History Project. The group will review selected audio clips content relevance for the CAG website.

**Mary Cerulli [ 6:45 – 7:30]:** Introduced the oral history project and described its purpose. The project aims to audio record residents of the Eastwick community sharing their experience living in Eastwick. The recordings can be about anything the resident chooses to share. Content includes historical memories, changes in the community, current perspectives, environmental health, etc.

Mary shared a couple of the clips and was asked to choose a few that were relevant to the CAGs mission and send them to Tom McKeon for distribution and review.

**[7:30 – 8:00]:** Mary left for the HSCW group to comment and reflect. The group approved taking the next step to listen to selected audio clips and determine if any were appropriate to pass on to the CAG as a whole for approval. Tom, will forward clips to the HSCWG members present today and receive their feedback on the clips. The HSCWG will make a recommendation as a whole (by email) before anything is sent to the CAG as a whole.
